Claimant: Darren Mickell

received by the office of the undersigned on March 30, 2015, advised that Mr. Mickell must attend a medical examination by a physician or physicians selected by the Plan, at the Plan's expense and that the examination would likely take place within the next 30 days (Exhibit "5"). Mr. Mickell understands his obligations under the Plan and had no objection to the IMEs. However he did assume that he would be provided at least 10 days' notice, especially if the IMES were not going to be local. Moreover, Mr. Mickell was not advised that all IMEs reports had to be received by the Board on or before April 24, 2015 in order for his case to be heard at the May 15, 2015 meeting. That information was only disclosed after Mr. Banks was told that Mr. Mickell had two important and long-standing commitments on April 13th and April 20th and thus could not attend on those two dates. Mr. Mickell stated that he could make himself available April 14th and any day after April 20th (Exhibit "6").

By 1:30 this afternoon Mr. Mickell had not been notified of the rescheduled IME appointments. Accordingly, the undersigned sent an email to Mr. Banks asking for the new dates and letting him know that Mr. Mickell assumed the April 13th IME was cancelled since he had not heard anything (Exhibit "7"). Approximately two minutes later Mr. Banks sent an email advising that the IMEs were rescheduled to take place on April 14th and April 15th in St. Petersburg and Tampa, Florida and on April 27, 2015 in Durham, N.C. (Exhibit "8"). The undersigned noted to Mr. Banks that was incredibly short notice and that every effort will be made to contact Mr. Mickell and advise him of the new dates (Exhibit "9"). Additionally, the undersigned contacted the travel agent assigned to handle the IME travel arrangements for Mr. Mickell to let him know of these last minute travel plans and that it may be necessary for him to follow up with Mr. Mickell. At this time several efforts have been made to contact Mr. Mickell, but he appears to be unavailable. As such, Mr. Banks has been told that due to the short notice and the fact that Mr. Mickell is still unaware that he is being requested to attend an IME on Monday and Tuesday of next week, it is possible that the IMEs will need to be cancelled (Exhibit "10"). It was also requested that he confirm that there will be no penalty assessed against Mr. Mickell and that he provide a copy of the Plan's travel expense policy as indicated in the Notice letters (Exhibit "10"). At this time, there has been no response from Mr. Banks.

The delays in scheduling and notifying Mr. Mickell of the IMEs have now caused unnecessary and unreasonable delays in the review of this matter. It appears that Mr. Mickell will now have to wait until the August 15, 2015 meeting for his claim to be reviewed. He is thus requesting that the Board expedite the receipt and review of Dr. Ford's neuropsychological report so that a decision in his case can be made at the May 15th Board Meeting.

Finally, please note that that **in accordance with his legal rights under Florida law, Mr. Mickell again requests that you allow him to have the IMEs videotaped by a 3rd, independent party.** I will arrange for the videographer and

Claimant: Darren Mickell

pay the expense. As indicated previously, the videographer will not be intrusive. A videotaped recording of the IMES would not only help ensure that Mr. Mickell's rights are protected, but also that the NFL Retirement Plan's rights are protected. In the event that the written report resulting from said IME is ever called into question or challenged, all parties involved can simply refer to the videotape of the IME to resolve any dispute.¹ The courts reason that **"by allowing the examination to be observed by a third party or videotaped, the potential harm to either party is reduced, not increased"**² The reason for this is that **"if there is no court reporter or other third party present at the examination . . . a disagreement can arise between the plaintiff and the doctor concerning the events of the IME"**³ Additionally, it was specifically addressed by these courts that **"the concerns of physicians for conducting examinations without the distraction of third persons cannot outweigh the insured's rights."**⁴ Please advise if you have changed your mind regarding this request. If not, Mr. Mickell does not waive his right to challenge the validity of the IME, as he will still appear as required under the Plan.

Please make sure that all medical and relevant documents necessary for the IME physicians to properly evaluate Mr. Mickell's claim are provided to each IME doctor. Any additional medical records will be sent to you to forward to those doctors as soon as they are available, which at this point will not be 10 days before the examinations.

Should you have any questions or wish to further discuss this matter, please do not hesitate to contact me at (954) 989-9000.

Very truly yours,

Mindy L. Chmielarz,

Mr. Banks,

I just received the notices and will contact Mr. Mickell directly as he does not check his email regularly. However please note that you have scheduled him to attend IMEs in Tampa and St. Petersburg next week with less than 1 week notice. Moreover, you have asked us to get medical records to the Plan Office at least 10 days prior to the scheduled IME; however the IMEs are set to take place in the next 7 days. Accordingly, I will send them directly to the physician's office if Mr. Mickell is able to attend the out of town examinations on such short notice.

Subject: RE: Appointments

Ms. Chmielarz,

I realize that the evaluations are only a week away, however we tried to do Mr. Mickell a courtesy by making his evaluations as close to his home as possible. These dates are the only dates that are available at the locations given that will allow us to receive the reports back in time for Mr. Mickell's case to be heard at our May 15th Board Meeting. If he is not able to attend the evaluations next week, we will need 48 hour notification that he will not be able to attend. Once we get that notification we will work on getting his evaluations rescheduled.

The deadline for the medical records to be submitted will not apply in this case because ample time was not given. However, if you still have further medical records to submit you can still send them to me at the Plan office and I will see that they are passed on to the physicians.

Thank You.

Mr. Banks,

It appears that that the NFL is requiring Mr. Mickell to go through neuropsychological testing again. Please confirm what type of physician Dr. Dunne is and whether he will be administering a neuropsychological evaluation. Additionally, please advise what type of testing Dr. Sutapa Ford will be conducting as she is not a medical doctor and her specialty appears to be the treatment of headaches on an ongoing basis. As you are aware, Mr. Mickell has the right to be informed about the neutral physicians he will be seeing and the types of evaluations he is being asked to undergo.

Thank you for your anticipated cooperation. I look forward to your response.

**Re: Appeal for Disability Benefits
Notice of Required Medical Examination**

Dear Mr. Mickell:

We received your appeal for disability benefits. Under the terms of the NFL Player Disability & Neurocognitive Benefit Plan, a Player who applies for benefits may be required to submit to an examination by a physician or other medical professional selected by the Plan, and the Player may be required to submit to such further examinations as, in the opinion of the Plan, are necessary to make an adequate determination regarding the Player's physical or mental condition.

This letter is sent to advise you that **you must attend a medical examination** by a physician or physicians selected by the Plan, at the Plan's expense. The Plan Office will contact you shortly to schedule the examination(s), which for your planning purposes will likely take place within the next 30 days. Once scheduled, the Plan Office will send another letter confirming the date and location of the examination(s).

You (and your representatives, family, friends, etc.) may not contact the physician's office for any reason. If, for example, you wish to submit additional documents for review by the physician, you should contact the Plan Office. And, if you cannot attend a scheduled examination for any reason, you should contact the Plan Office immediately.

Please be advised that your application for disability benefits may be denied if you fail to attend the scheduled examination(s).

If you have any questions, please call the Plan Office.

Very truly yours,

Elton D. Banks
Benefits Coordinator

Cc: Alicia Paulino-Grisham
Subject: RE: Appointments

Mr. Banks,

This is in follow up to our telephone conversation this morning. As indicated, you did not provide Mr. Mickell with much time to make the arrangements necessary to attend three additional out-of-town IME appointments and he has advised that he is unable to attend the appointment scheduled with Dr. Dunne on Monday, April 13th. However, he is available on Wednesday, April 15th and would therefore like to reschedule to that date so that there is no further delay in the review of his claim. Additionally, he has a personal appointment scheduled on April 20th, but is available after that. Accordingly, if the appointment in North Carolina could be changed to the 21st that would be helpful. I have asked him to see if he can make himself available on April 20th if at all possible; accordingly, please do NOT cancel the April 20th appointment with Dr. Ford until you hear back from me.

My understanding from our conversation is that all medical reports have to be submitted to the Board by April 24, 2015 in order for them to be able to make a determination on Mr. Mickell's case at the May 15, 2015 meeting. Otherwise, a determination on his claim will be delayed another three months. While we certainly appreciate the time line considerations of the NFL, it should be noted that the NFL received the Appeal on March 9, 2015 and therefore has had almost 1 full month to schedule these appointments and advise Mr. Mickell of the dates. As such, Mr. Mickell asks that you please do your best to work with him so that his case can be heard at the May 15, 2015 meeting.

Thank you for your anticipated cooperation.

Sincerely,

Mindy Chmielarz

Please let me know the rescheduled dates for the IMEs. Since I have not heard from you regarding the appointments for Monday and Tuesday I will assume that they have been cancelled.

As noted, Mr. Mickell would like his claim reviewed and resolved in a timely manner. It has been over 1 month since the Appeal was filed and thus it is not unreasonable to request that you reschedule these examinations as soon as possible. He is available any time after April 21st.

Your timely attention to this matter will be greatly appreciated.

Thank you.

**Re: Application for Disability Benefits
Confirmation and Scheduling of Required Medical Examination**

Dear Mr. Mickell:

We write to confirm that your medical examination has been scheduled as follows:

Appointment Date/Time:	Monday, April 27, 2015 8:30am-6:00pm
Physician:	Sutapa Ford, Ph.D.
Specialty:	Neuro-Psychologist
Location:	Carolina Headache Institute, PA 6114 Fayetteville Road Durham, NC 27713 (919)942-4424

On the day of your appointment, be sure to bring one form of photo identification with you to the examination and, after checking in at the facility, inform the receptionist that you are scheduled to see the physician identified above for purposes of a neutral examination conducted on behalf of the Bert Bell/Pete Rozelle NFL Player Retirement Plan.

Based upon the disabilities identified in your application, the physician will be prepared to evaluate any impairments to the following body parts:

- Neurocognitive, Headaches, Memory Issues, Concentration Issues, Word Loss, Focus Issues, Processing Issues, Following Direction Problems

If you have any additional medical records you would like the physician to review, you must provide those records to the Plan Office at least ten (10) days prior to the scheduled examination.

By the time of your appointment, the Plan will have already provided the physician with your application and any medical records timely submitted to the Plan Office. However, you are encouraged to bring to the examination any relevant x-rays, MRIs, or other images/films that are in your possession.

For travel and planning purposes, be sure to allow approximately three to four hours for your examination and any follow-up testing the physician may require.

A copy of the Plan's Travel Expense Policy is enclosed. Please review it and contact Art Solis with "The Travel Store," (310) 752-9157, to arrange air transportation and lodging, if necessary.

You are reminded that you (and your representatives, family, friends, etc.) may not contact the physician's office for any reason. Please contact the Plan Office if you have any

Re: Application for Disability Benefits Confirmation and Scheduling of Required Medical Examination

Dear Mr. Mickell:

We write to confirm that your medical examination has been scheduled as follows:

Appointment Date/Time:	Wednesday, April 14, 2015 11:15am
Physician:	George H. Canizares, M.D.
Specialty:	Orthopaedist
Location:	All Florida Orthopaedist St. Petersburg, FL 33703 (727) 527-5272

On the day of your appointment, be sure to bring one form of photo identification with you to the examination and, after checking in at the facility, inform the receptionist that you are scheduled to see the physician identified above for purposes of a neutral examination conducted on behalf of the Bert Bell/Pete Rozelle NFL Player Retirement Plan.

Based upon the disabilities identified in your application, the physician will be prepared to evaluate any impairments to the following body parts:

- Back, Shoulders, Hips, Knees

If you have any additional medical records you would like the physician to review, you must provide those records to the Plan Office at least ten (10) days prior to the scheduled examination.

By the time of your appointment, the Plan will have already provided the physician with your application and any medical records timely submitted to the Plan Office. However, you are encouraged to bring to the examination any relevant x-rays, MRIs, or other images/films that are in your possession.

For travel and planning purposes, be sure to allow approximately three to four hours for your examination and any follow-up testing the physician may require.

Mr. Banks,

I have been unable to get in touch with Darren Mickell; but left him a voicemail message advising him of the new IME dates. As you sent this information on a Friday afternoon and he is being provided with less than 3 days to confirm his availability and that appropriate travel arrangements can be made, please confirm that there will be no penalty to Mr. Mickell if he advises that he cannot attend on Tuesday and Wednesday as scheduled.

Additionally, please forward to my attention a copy of the Plan's Travel Expense Policy as this was not included with any of the notices you emailed to Darren and me.

Thank you.

Sincerely,

Mindy Chmielarz

RECEIVED**APR 27 2015****NFL PLAYER BENEFITS**

REPORT ON DARREN MICKLE. EXAMINATION APRIL 14, 2015

Mr. Mickle was examined on this date. He was very cooperative and appeared to give full effort on all testing including The Montreal Cognitive Assessment.

ASSESSMENT: His major problems appear to be orthopedic-especially knees, but also fingers, ankles, elbows, and possibly back. He appears to be depressed though he tries to hide it. He began to cry when talking about his limitations and frustrations. He turned away, apologized, and tried to minimize this. I don't believe his past remote history of syphilis is relevant. (NO evidence of CNS Lues suggested by exam.)

Cognition: He is having problems by history with memory, losing his way while driving even in familiar locations, losing his train of thought quite frequently, and is distractible. This could be all depression, but also appears to have cognitive component. I have the impression it is a combination of both. On his MOCA he scored 25 out of 30. His "Visuospatial" copy of the rectangle is severely abnormal. (copy enclosed).

Neurological Exam: Was essentially Within Normal Limits except for absent ankle reflexes bilaterally, he cannot hop on either leg due to his knees. He was very diaphoretic in a cool room, especially forehead. He has some posterior cervical and occipital muscle spasm to palpation. (Trigger Points).

REVIEW OF PAST MEDICAL CARE: Many pages documenting various orthopedic problems.

4/27/1993: Multiple Serological test for syphilis "Positive". (1992 Serology Negative)

He was treated with multiple doses of Benzathine Penicillin.

In 4/22/1994 Serology was still positive, Quantitative: 1:2.

1997 & 4/27/2000: Serology Negative.

Review of Systems: Over the years covered he denied Headaches, loss of memory, Loss of Consciousness, Injury to his head, or Dizziness. However, he does recall one time when he briefly left the game because of brief confusion after head contact.

Neuropsychological Exam 5/09/2014 by Mark E. Todd. Basically concludes as I do that he: "does have a mild cognitive disorder."

I agree with this. It is hard to tell in this case what is depression and what is possible cognitive damage due to head trauma.

CONCLUSION: Neurologically Mr. Mickle has no deficits other than absent ankle jerks. He may have mild cognitive problems but they should not impact neurologically his employability.

SUGGESTED PLAN: (these suggestions are over-all and not necessarily Neurological)

1. Possibly repeat Neuro-psychological testing
2. Regular Fitness plan. I suggested to him "water running". He does have a pool he can use. With supportive vest and foot resistance there is no weight bearing.
3. He needs psychological support.

RBM 05/14/2015

MICKELL-1226

A1342

4. He should be tested with overnight monitoring for sleep pattern including sleep apnea. (He reports poor sleep, goes to be around 2a.m., wakes up around 6 or 7 a.m. This is hardly conducive to combatting depression!)
5. Given home program for Headaches (Heat, massage, ice packs, relaxing exercises for neck and shoulders). A tri-cyclic anti-depressant may often be helpful with headaches.
6. He needs an anti Depressant.
7. Because of sweating he should have his thyroid checked. This may be anxiety sweating but it needs to be checked out.
8. I am not sure an MRI of the brain would be helpful in diagnosis or treatment, but should consider it.
9. Orthopedic consult, anything further that could be done for his joint problems?
10. Could do Spinal Fluid exam checking cells, protein, serology for evidence of CNS Syphilis but, although blood serology may return to normal (negative) and cerebrospinal fluid can be found abnormal in some cases that is a "long shot" here.
11. I am enclosing with this report the various NFL forms.

Very sincerely yours,

Peter B. Dunne, MD
